GRANDLY RATIFIED.

Six Thousand Democrats in Procession.

SEVERAL INSPIRING SPEECHES.

A Line of Torches a Mile and a Half Long—Scenes and Incidents.

As was expected, the grandest parade and ratification meeting ever held in Southern California took place last night in honor of the nomination of Cleveland and Thurman, by the National Democratic Convention, and of the return of Lieutenant-Governor S. M. White, the temporary Chairman of the Convention which placed the names of the next President and Vice-President of the United States before the people. For a week prior to last night, a committee headed by Mr. Sidney Lacey, and consisting of Messrs. A. Osthoff, R. Bilderrain, Wm. Crawford, M. C. Marsh, A. Lindenfeld, P. Jeandeville, G. Westerman, of Pomona; B. S. Smith, of Pasadena; W. H. Spurgeon, of Santa Ana; B. F. Porter, of Anaheim, S. A. Waldron, of The Palms; J. F. Figueroa, of Ballona; T. A. Pallet, of Los Nietos; J. M. Pitts, of Downey; J. S. Isabell, of Whittier; C. M. Bell, of El Monte; J. M. Freyer, of Spadra; Jno. Griffin, of Burbank; C. D. Campbell, of San Gabriel; Jno. C. Morgan, of Santa Monica; A. M. Bragg, of Compton; Geo. Hinds, of San Pedro; H. B. Abila, of Florence; S. Barnes, of Monrovia; T. Harks, of San Fernando, had been busily engaged in making the arrangements which proved to be so great a success.

The first indication that the celebration was to be held last night was the arrival of the Monrovia delegation about 5 o'clock and its subsequent parade through the streets, headed by its band, and was received all along the line of march by the greatest enthusiasm. Later on by an hour, citizens hurried home to make preparations for the parade, and at 6:30 o'clock the citizens, ladies and children, began to flock to the streets along which it had been announced the procession would march. At 7:30 o'clock the windows, sidewalks and all available places for viewing the marchers was taken up, and the crush has never before in the history of the city been so great as it was at this time. A few minutes later detachments of Democrats came marching through the streets toward First and Main, where the procession was to form, and it seemed as if there were Democrats here, there and everywhere. From every side they came with their torches lit, their uniforms bright, and their banners with inspiring mottoes, inciting enthusiasm at every point. There were so many clubs and so many people in them that more time than was anticipated, was absorbed in directing them to their places in line, and from 8 until half-past, Main street, from Market to Fourth, and every side street, was the scene of the greatest activity. Torches were distributed to Democrats who belonged to no club, and aides dashed here and there in carrying out the orders of Grand Marshal A. F. Mackay. Main street was

A BLAZE OF LIGHT,

And thousands upon thousands of people gathered along the sidewalk and even on the street to watch the fireworks which were sent skywards every few seconds. A scene of greater activity and life could hardly be imagined, and the rather long wait of those who had reached their places in the line first was made less tiresome by the remarks of the multitude as they read the mottoes and admired the pictures.

Main street in front of the Iroquois Club headquarters, just above First, was probably the scene of the greatest activity and enthusiasm, and at 8:20 o'clock an accident to the wagon containing the fireworks of the club created considerable excitement. Several large sky rockets had been sent into the air to the delight of the crowd, when a spark from one of them fell into the bed of the wagon and in a very few seconds nothing remained of the vehicle but the wheels and bed. This wagon had been decorated with considerable taste and bore several inspiring mottoes. On one side was the portrait of President Cleveland, under which was painted "Grover Cleveland the People's Choice. Honest and True." On the other side was the picture of Allen G. Thurman, under which appeared "The People's Choice—Faithful to Every Trust." At the back was painted in large letters "Reel B. Terry, our next Congressman, you bet!" Underneath this was the portrait of Lieutenant-Governor S. M. White, around which was painted "S. M. White, Our Champion." Fortunately those engaged in attending to the fireworks were able to jump from the wagon and escaped injury. The horse, however, was slightly burned, the bannears on each side bearing the words "Iroquois Club" catching fire.

The excitement over, the procession re-formed and at twenty minutes to nine o'clock it moved and then it was demonstrated that it was not only the largest, but

THE GRANDEST AFFAIR

Of the kind ever seen in this city. In fact the spectators wondered where so many Democrats came from and began to estimate how many there were in line. Headed by four mounted policemen, it marched up Main street to the Plaza and then countermarching, went down Main to Spring, along Spring to Fourth, along Fourth to Fort, along Fort to Temple, down Temple to New High, and along New High to the grand stand. More than one timed it as it passed a given point, and even at the rapid rate which had been adopted it was generally agreed that it took from thirty to thirty-five minutes. Many of the clubs marched four abreast and the members followed close upon the heels of those who had gone before instead of keeping the regulation distance apart as is the rule in military service. Calculated upon a time basis there were over 6,000 people in line; actually counted there were 6,082, or more than have ever before marched in line at one time in this city. Each division, each club, and most of the banners were cheered all along the line of march by the people, who became as enthusiastic as the paraders, who gave cheer for cheer in return, and when the head of the procession reached the grand stand on New High street, the populace on Main street could be heard cheering as the torches still passed by. This line of torches, banners and cheers was fully a mile and a half long, and reached backward from the grand stand over the line of march as far as Commercial street on Main.

THE PROCESSION.

As the procession passed the corner of Spring and Second streets, where three cheers for the HERALD was given by every club, it was composed as follows:

Four mounted police officers; Grand Marshal A. F. Mackay; Chief Aide, Major J. G. Estudillo, and Aides R. Bilderrain, S. Celestin, Peter Haack, T. B. Brown, J. W. Montgomery, Philip Stoll, C. E. Roberts, R. Dominguez, Guy B. Barham, A. Lindenfeld, E. C. Schnable, Henry Stuhr, Charles Alexander, W. R. Burke, Homer C. Katz, E. R. Smith, Thos. E. Rowan, Jr., H. M. Johnston, Shirley C. Ward, Eugene Riggin, John Moriarty, John E. Schieck, D. Einstein, J. L. McCoy, J. Dupuy, George W. Glowner, A. F. Vinette, W. J. Carlisle, I. J. Harrell, Captain Theo. Friese and Charles P. Kearney. Meine Bros. band then appeared and was followed by the Iroquois Club, lead by its President, Sidney Lacey, Captain Barrett, and the other officers of the club. The Iroquois Club made a very handsome appearance and turned out about 250 strong, each member attired in a white linen duster, a white straw hat with bandana bands on bands or which were printed in golden letters the name of the club. The banners and mottoes carried by the club were appropriate and inspiring. The first was a device representing a crowing cock, indicative of victory, and over this was the name, "Iroquois Club of Los Angeles." Further down the line appeared the mottoes: "Cleveland, our Leader;" "We turned the rascals out in 1884, we will keep them out in 1888;" "Thurman, a good Second;" "Our principles cannot be disputed by the opposition;" "California on top," "Our ticket is invincible," "The voice of the people—Join the ranks."

Next in line was the Reliance Club led by its President, W. L. Price. The appearance of this club was noticed on every side. There were 100 of the 200 members in line and each of them was attired in white sack coats, with red belts, white cloth hats and the bandana. This club certainly deserves a medal for the fine appearance it made, and the other 100 members felt considerably grieved that their uniforms had not arrived.

Next came the Young America Club, composed of boys ranging in age from sixteen to twenty years, with its President on horse back. These fifty boys wore sashes over their shoulders of stars and stripes, and their white straw hats were branded with the bandana.

Then followed the Santa Fe Club, with 150 in line, its standard bearer carrying a huge bandana as a flag. Each member wore a sash of red, white and blue, a straw hat with the bandana band. It, as well as the preceding clubs, made a very fine appearance, and marched in excellent order. It was followed by a carriage from which was suspended an enormous American flag.

THE SECOND DIVISION.

A drum corps led the Manhattan Club, every member of which wore a bandana handkerchief around his neck and carried a small flag in his hand with the torch. Their hats were decorated with miniature flags and their appearance was the signal for cheers everywhere. The El Monte delegation on horseback, led by Dan Kevane, turned out about 100 strong, and was a great addition to this division. Its leaders bore brooms aloft, indicating that the "new brooms" had swept clean.

The Pasadena contingent, consisting of the Cleveland Club and the Pasadena Democratic Club, in all numbering 278 members, under the direction of Bayard T. Smith, formed a large part of the second division, and surprised many who did not imagine that there were so many Democrats in that city. The bandana band around the hat was the decoration worn by the delegates from Pasadena.

THE THIRD DIVISION

Was headed by the Santa Monica delegation, which furnished its own band, and stretched over a block in length, numbering in all over two hundred and fifty. This delegation was very enthusiastic and cheered increasingly along the line of march. It was followed by the S. M. White Club, which turned out in far greater numbers than was expected. Sashes of the stars and stripes with the bandana white straw hat formed a uniform which was quite picturesque. The banners carried by this division were very appropriate, the first being a standard on which was painted a flying eagle, under which appeared "The S. M. White Club" in illuminated letters.

THE FOURTH DIVISION

Was headed by the City Band and the carriages containing the president of the evening, Col. John E. Plater and the orators. The Cleveland and Thurman Business Men's Club, numbering about 200, and comprising many well known citizens, Mayor Workman, Councilmen, and others, under the leadership of General J. R. Mathews, made a fine appearance, and stretched out over a block in length. Fireworks were very plentiful in this division, and sky rockets were sent up, and red fire burned all along the line of march. The Colton contingent, headed by Colonel A. B. Hotchkiss, followed, and was loudly cheered at numerous points.

The German-American Club, which has on its roll 940 names turned out 576 members with the bandana decoration and many inspiring devices. That it was the German-American Club was announced by shields on poles on which was printed in golden letters its name. The motto indicated that the Germans are with the Democratic party as a unit in this campaign. Following this was a wagon in which a representative of Harrison blessed two imitation Chinamen and was represented as saying, "D— the Dutch and Irish."

A drum corps headed the Fourth Ward Club, which headed by Mr. R. Martin, made an exceedingly fine appearance. Each member wore a bandana banded hat, and this contingent numbered about two hundred.

Then came the HERALD contingent, headed by Robt. McGregor. A huge wagon load of the boys who sell the papers was followed by the carriers in carriages and on horseback. The banners displayed in this department were "The HERALD Brings the News of the World to Your Doors at Daylight," "The Democratic Party Is On Top, and So Is the HERALD," "The HERALD for Cleveland and Thurman and Righteous Reform," "The HERALD the Journal that Created the Los Angeles Boom." The wagon in which rode the boys bore on its sides, "We Sells the Popular HERALD and We Rides in State," "We's the HERALD Boys As Rides at Democratic Whoopups," while the horses bore a design representing Harrison as saying, "We'll Sleep Together at the Foot, John Chinaman, My Joe." This part of the procession was everywhere greeted with cheers which the boys returned with a will.

OTHER DELEGATIONS.

The Santa Ana Band preceded the delegation from Anaheim, Santa Ana and vicinity, which required eight cars to bring to this city, and made an excellent appearance. Pomona and vicinity, with its two hundred delegates, each decorated with the bandana and a badge, followed, and Monrovia with its band, which was only formed five weeks ago, marched behind. The Santa Ana delegation arrived too late to procure torches, but they were cheered for their devotion to the cause as shown by their presence in the Parade. The Cleveland and Thurman Club, of San Fernando, a hundred strong, was followed by the Workingman's Club, of this city, both adding to the success of the affair. Then came the Plata-Fina Club, of East Los Angeles, and the First Ward Club, each bearing transparencies with inspiring mottoes. The Franco-American Club, French Club, East Los Angeles Democratic Club, and Boyle Heights Club were also in this this division, as well as many Democrats who belonged to no organization.

When the last torch bearer had passed the citizens, and even the most enthusiastic Republicans were heard to remark that the Republican parade, a short time since, with its 1,500 men in line was the best that had occurred up to that time but it was not to be compared with the Democratic celebration last night in point of numbers or in appearance.

Among the banners carried were those bearing the following mottoes: "American Protection and industry our motto," "The Presidency not hereditary," "Return the Public Domain," "Hail to the Chief," "Welcome home," "No sectionalism, we will win, Cleveland and Thurman will be elected," "Economy and Reform," "No monopolies in ours," "No free trade but a reduction of the tariff," "Protect the many not the few," "Germany against China," Down with the Anarchists." The German Club bore a sign which, translated, read: "Cleveland loves wine, woman and song," and the rest of the couplet, "and he who does not remains a fool all his life long," might have been added.

A full list of the mottoes would occupy more space than it is available, but is sufficient to say that there were in the line 426 banners and transparencies, many of them bearing four and some six mottoes.

AT THE GRAND STAND.

The scene at the Grand Stand was without parallel in the city's history. The multitude crowded into every available nook and corner in the territory laid off for the meeting place and extended far into the streets beyond. The temporary seats which had been ranged twelve tiers high on either side of the platform were crowded to their utmost capacity, the number of ladies present being far beyond the usual attendance at a political congregation. The platform was surmounted by two mammoth portraits of Cleveland and Thurman, and was gaily decorated with red, white and blue bunting, while the National flag floated proudly near the speaker's table. It was occupied by the President of the evening, Colonel John E. Plater, the intending orators the Hon. Reel B. Terry, Hon. S. M. White, Hon. Calvin Edgerton and Hon. W. S. Herndon, representatives of the press, a number of invited ladies and the following Vice Presidents: I. W. Hellman, Kasper Cohn, Wm. Roper, John I. Reddick, Major W. R. Burke, R. A. Ling, Lieutenant Gatewood, B. Cohn, L. Loeb, P. Ballade, Dr. Nadeau, General John R. Mathews, Dr. Joseph Kurtz, Hon. J. Marion Brooks, J. D. Lynch, Colonel J. J. Ayers, Captain Stone, ex-Mayor C. E. Thom, Chas. Prager, Hon. Shirley Ward, M. C. Marsh, John L. O'Brien, H. W. O'Melveny, J. A. Graves, Judge E. M. Ross, Sanford Johnson, James B. Lankershim, J. A. Driffield, Mayor W. H. Workman, James Lankershim, W. M. Woody, Dr. J. T. Stewart, of Monrovia, W. A. W. Masters, of Pasadena, B. T. Smith, W. H. Spurgeon, John F. Humphreys, Victor Montgomery, W. M. Ward, E. A. Preuss, D. R. Risley, Chas. Ducommun, Harris Newmark, Dr. James E. Fulton, Thos. E. Rowan, J. W. Brodrick, Jacob Baruch, Col. E. E. Hewitt, Hon. R. F. Del Valle, John T. Gaffey, Col. Messmore, J. R. Dupuy, Thos. Cuddy, Thos. B. Brown, Edward Germain, Wm. Pridham, Dr. J. S. Crawford, Geo. W. Burton, H. W. Patton, Judge B. E. Taney, John Bryson, John Kineally and J. Kuhrts.

The proceedings were opened by Mr. Eugene Germain, Chairman of the Democratic County Committee, who introduced the President of the evening, Colonel Plater, who spoke briefly, as follows:

"LADIES AND GENTLEMEN—We are assembled here this evening not as serfs under the sway of a despotic Czar, but as freemen to hear the enunciation of the doctrines of political liberty by true Democrats. We shall advance no new theories but stand simply under that broad canopy of Democracy with hearts full of love for that constitutional liberty which has been handed down to us since the days of Washington." Mr. Plater then directed the Secretary to read the list of Vice-Presidents of the evening, and after this had been done by Mr. Kearney the first orator of the evening the Hon. Reel B. Terry, candidate for Congress for the Sixth District, was introduced amidst considerable enthusiasm.

MR. TERRY'S SPEECH.

Looking around on the vast sea of upturned faces before him, Mr. Terry said: "FELLOW CITIZENS: This beats anything I ever saw before. This is the first time I ever had the pleasure of addressing a Los Angeles audience, and when invited, I had no idea that I should have such a mighty host to confront." The arrival of a band made it rather difficult to hear Mr. Terry for a few moments, but after quiet had been restored, he continued, "In the days of old, when the heroes of Rome and Greece returned flushed with victory to their homes, we are told of the magnificent ovations tendered to them, and of the processions in which captive kings were led chained to their chariot wheels. Some two months ago the Democrats of California entrusted your favorite

THE RAILROADS.

New Traffic Arrangement by the Santa Fe.

ARRIVAL OF MR. H. J. SMALL.

An Excursion for the Orphans to be Run to Santa Monica on the 17th.

The completion of the Atchison's line between this city and San Diego will work an important epoch in the history of railroading in Southern California. Los Angeles county is specially benefited by this new highway of commerce, as some of her most fertile valleys will now receive additional traffic facilities, and none more so than the Santa Ana district, which is *par excellence* the raisin section of the State. The California Central Railroad completes a loop right in her heart, for at Orange a junction is formed between the road from San Bernardino and Riverside and the new track from San Diego to Los Angeles. The northern part of this loop, or the line running from Los Angeles through Pasadena to San Bernardino necessarily bears the brunt of this traffic, as it is over this route the overland trains run in their way to and from the Atlantic and Pacific line. It has for some time been evident that the single track now in operation must at some not very distant date become quite unequal to the incessant travel, and the managers of the road have been looking about for some way out of the difficulty. A double track though possible would be very expensive, as for the first thirty miles after leaving Los Angeles the road runs through a section of country where the value of property is estimated by the foot, and an extension of the right-of-way would mean a considerable sum, besides costing a good round figure for construction. The construction of the San Diego line furnishes, however, a solution to the matter, as follows: From Richfield, above St. James, on the southeastern portion of the loop to Fullerton, just north of Anaheim, on the western side of the loop, a new line is to be constructed forming the base of a triangular piece of track of which Orange Junction will be the apex, and over this line a good deal of the traffic is to be diverted. Freight trains outgoing will run over the present main line through Pasadena to San Bernardino junction, where connection is made with the Barstow road and incoming freight trains will turn off at San Bernardino and run around the southern part of the loop through Richfield and Fullerton and so on into Los Angeles. The company is now making overtures for obtaining the requisite right of way for the carrying out of this project and as soon as this is obtained and the San Diego line completed, laborers will be put to work on the outlined route, which being but about five miles in length will soon be constructed.

Pullman Passengers.

The following Pullman passengers left yesterday for San Francisco and the North:

Mr. Small Arrives.

Mr. H. J. Small the recently appointed Superintendent of machinery for the Southern Pacific system, arrived in the city yesterday on a special train. He at once proceeded to inspect the shops and round-house. He goes from here north and will be permanently located at Sacramento. Mr. Small comes to the coast from the Philadelphia and Reading Railroad. He overhauled the shops at El Paso and Tucson, while on his way here.

The MacFadden Wharf.

The lumber for the MacFadden big wharf at Newport Landing is expected daily and will be used immediately on arrival. Piles are being driven and a stout bridge erected over the Santa Ana River so as to reach the landing.

General Gleanings.

General Superintendent Fullmore, of the Southern Pacific, arrived in the city last night.

Between October 1887 and March 1888, both months inclusive, Downey City shipped 6,624,935 pounds over the Southern Pacific.

The Southern Pacific will run an excursion to Santa Monica on the 17th instant, for the children of the Orphans' Home. The little ones will be conveyed free of charge.

During the week ending July 12th Santa Ana shipped 12,300 pounds of lemons, 250 pounds of oranges, 10,200 pounds of hides, 180,000 pounds of brick, and 21,780 pounds of merchandise, a total of 224,330 pounds.

The first train-load of 122 teachers left at 6 o'clock last night for San Francisco. Another excursion, comprised of Kansas delegates, arrived at 4 o'clock yesterday afternoon, and will leave at 11 P. M. tonight. It is in charge of Mr. E. F. Burnett, travelling passenger agent of the Santa Fe.

PUBLIC WORKS.

Recommendations to be Acted Upon To-Morrow.

The Board of Public Works met yesterday at the City Hall, with Captain Barrett in the chair.

A protest from R. E. Shaw et al., property owners representing 1,400 feet of frontage on Mozart street, against any further action in re-grading of that street between Chestnut and Water streets, for the reason that the property along said street is already heavily encumbered and not in a condition to bear the expense, was recommended to be filed as no action to grade the street has as yet been taken.

The Board recommended that the award of contract for sidewalking Downey Avenue be rescinded, for the reason that the long contract was erroneously awarded to Gray Brothers, and that the City Attorney be instructed to draw up a resolution of intention to sidewalk said street from Water to Pritchard streets, all work already done to be excepted.

The protest of the Temple Street Cable R. R. et al., representing a majortty of frontage on Edgware Road between Temple and Bellevue Avenue, against further proceeding in re-grading said street, was referred to City Surveyor.

A petition from R. W. Poindexter et al., property owners on Adams street, asking that sidewalks on said street be made of sufficient width not to exceed 13 feet, to save the shade trees, was granted, and the City Surveyor was instructed to so locate the curbs as to preserve the trees.

The Board recommended that the City Surveyor be instructed to furnish an estimate of the cost of grading Sand street, west of Castelar street, to a serviceable condition with Sand street.

The petition of E. H. Boyd et al., property owners on Mission road, between Albert street and east city line, asking for the establishment of the Mission road grade, as they are prepared to grade, was granted, and the City Surveyor instructed to establish same.

The Board asked further time in regard to the protest of P. Beaudry et al., property owners on Beaudry street, between Diamond and Temple streets, against further proceedings in the regrading of said street under the Vrooman Act.

Further time was also asked respecting the petition of C. A. Paige, who desires six months' time for completing said street car line on Mission road, because the property owners wish to grade it before the track be laid; and because petitioner is making arrangements with the Kuhrts street line to extend their line over his franchise so as to necessitate but one five cent fare from the city line to any portion of the city.

The petition of A. C. Shafer asking that the grade of the Throop tract, beginning at south-east corner of Main and Jefferson streets, so as to enable him to lay cement sidewalks, was granted, and City Surveyor instructed to establish same.

The protest of Messrs. Zellner and Nolti, property owners on south side of First, between San Pedro and Los Angeles streets, against the widening of said streets, because it would leave their lots but forty-one feet deep, and compel them to take down their one-story brick stores, and interrupt leases, etc., etc., was referred to the City Attorney.

W. H. Ledbetter et al.'s petition for a 30-inch culvert on Mozart street, between Workman and Chesnut streets, the same being absolutely necessary, was granted, and the Superintendent of Streets instructed to do the work.

The Board instructed the City Attorney to render his opinion at once on the petition of Messrs. Hughes and Safford, property owners on Hansen street, between Downey avenue and Patrick street, who said that the street had been ordered graded under the Vrooman Act, and that they had built 418 feet of cement curbs and sidewalks, and asked that the sidewalk be excepted from work to be done, or that a separate bid be made for its construction so as to secure to them compensation for work already done.

The City Attorney was directed to draw a resolution of intention to pave the sidewalk between Second and Fifth streets on the west side of Hill street, excepting two-thirds of the work already done as per petition of W. H. Tuthill et al., property owners.

Application of H. M. Arms et al. for a street railroad franchise for thirty years from the California Central railroad depot at Santa Fe avenue, thence to Second to Rio to Third to Mateo to Palmetto to Mateo to Legrand to Santa Fe avenue and thence to charter boundary of city, was referred to the City Attorney for his opinion. A copy of the ordinance was presented and a bond of $10,000 filed.

The City Attorney was instructed to draw up a resolution of intention to grade Jefferson street from corner of Figueroa street to center of Wesley street, under the Vrooman act.

The Board recommended that all bids for grading the West Lake Park driveway be rejected and that the City Clerk return all cash and cheques to bidders, and also re-advertise for bids for same according to plans to be drawn up by the City Surveyor.

The notice of award of contract for grading Alabama street from Lake Shore avenue to State street was returned by the Mayor unsigned, because more than one-half of the property owners object to the established grade. Veto referred to City Attorney for his opinion and City Clerk instructed to file all petitions regrading this street.

The Board recommended the adoption of specifications Nos. 1 and 4 for street paving as amended by the City Attorney.

The City Attorney was instructed to draw a resolution of intention to grade Truman street from Downey avenue to south line of city laws.

A communication from John M. Baldwin, Superintendent of Streets, was ordered filed with this report, after which the meeting adjourned.

The Lowe Gas Company.

EDITORS HERALD:—I have been much interested in tracing the causes of the marvelous growth and prosperity of Los Angeles during the past eight years, and I observe with no little attention, the progress this city is now making in almost every direction, an advance that testifies in the strongest manner to the peculiar sagacity and enterprise of her citizens. The rapid grading and paving of the streets; the construction of new lines of cable road, and of a better system of sewerage, the numerous buildings now in process of erection, remind one most forcibly of Chicago in the early period of its history. Being therefore, in the right line to attain the rank of a metropolis, it seems to me extremely hazardous for the citizens of Los Angeles to injure, or to permit to be injured, an an institution which has done much to aid in making this city what it is.

I happened to be glancing over the columns of the Los Angeles Evening *Express*, a short time since, when I saw an advertisement with imposing head lines. It began: "The war! Gas consumers to regulate rates. Gas for two years at $1.25 per 1,000 cubic feet." "The Lowe Gas and Electric Company makes the following proposition to consumers: Who now make connection with its mains, that they will supply gas of 30-candle power, as against 15-candle power furnished by the Los Angeles Gas Company at $2.50 per 1,000 cubic feet for lighting and $2 per 1,000 cubic feet for heating, etc."

Then follows: "The company further proposes to give its consumers, who join with us now, a drawback of one half the amount of their gas bills, for the next two years, in the form of an order on its treasury for stock of the company, thus making our consumers and the company's interests mutual, and giving the former a share in our profits for all time to come, and will further give all who desire, an opportunity to purchase other stock and interest-bearing bonds of the company."

This reminds me very much of the advertisement so commonly seen nowadays, of "Divorces obtained without publicity," the most superficial analysis shows the above offer to be a delusion and a snare.

I am not concerned in any gas company here or elsewhere, and as a disinterested third party, I can discuss this proposal of the Lowe Company, and it seems to me that a trap has been laid to catch the feet of the unwary. It must be remembered that the most specious promises and flattering representatives are always made by schemers to rope the public in. Between 1863 and 1868, millions of dollars worth of bogus oil and gold mining stocks were sold to unsuspecting people in the Eastern States on the strength of false but glitering statements as to their value and that of the property they represented.

When I saw this offer of the Lowe Company to let us all in as stockholders and sharers in the earnings of the concern, it struck me as very remarkable. It certainly is not customary for individuals, partnerships and corporations to furnish the capital, take all the risks, and then let the public in to a full participation in the profits. I concluded that it would be well to know something of the financial standing and future prospects of a concern that makes such glowing promises as the Lowe Company does. *Prima facie* (at first blush) it appeared as though the company would have us believe that the more gas we burn the richer we become, under this unique and edifying system it has invented.

On investigation, I am credibly informed, that the plant of the Lowe Company is valued at $150,000, subject to a mortgage of $100,000. The company proposes to incur a bonded indebtedness of $1,500,000, bearing six per cent interest, and to issue, in addition, stock to the amount of $2,000,000 more. Assuming that the company is now paying six per cent. interest on its mortgage debt, we are confronted with the rather startling fact that the company proposes to disburse *ninety-six thousand dollars, annually, in the form of interest on its indebtedness!* Adding the ordinary running expenses of the concern to this enormous sum, these two items alone would diminish the dividends to be distributed to the stockholders to such infinitesimally small proportions that they would be "like the baseless fabric of a dream."

Supposing this Lowe Company—which, I believe, consists of only Mr. Lowe himself—should even partially succeed in its extraordinary and impracticable scheme, the bonded indebtedness of the company would grow out of all proportion to the receipts from the consumption of gas. This would naturally be the case, as money would have to be raised to extend and enlarge the plant to meet the constant demand of new consumers, from whom nothing would be received at first. When the mode of managing the concern became thoroughly understood, it is very unlikely that *anything* would be paid by them. It is to be noted that consumers of the gas of the Lowe Company are to have a rebate of one half of the amount of their gas bills in form of an *order* on its treasury for stock of the company. On principle and authority, if this company is a corporation, and I am informed that it is, an *order* for stock is not the same as the *stock itself*. In the suits against Fisk and Gould, in the Erie Railroad cases, the court held that the English claimants who brought suit could not maintain their bill, as they held only an *agreement to transfer stock*, not the stock itself, they suing as stock-holders in the company. There is nothing, so far, as appears from the advertisement, to show what the capital stock of the company is, and apparently no limit to the amount of stock that can be issued by the concern. All the consumers of gas are necessarily to have some, and a most sweeping and all embracing agreement appears in the advertisement above quoted, in the language: "And will further give *all who desire*—italics are my own—an opportunity to purchase other stock and interest bearing bonds of the company." This lets everybody in, without reference "to race, color or previous condition of servitude."

As the stock can thus be "watered" without limit, the "dividends" that consumers expect will be seen by way of an anticipation only: they will never be realized in cash.

Such a wild and chimerical project as this company proposes can be entitled to no consideration whatever by an intelligent public. The projectors of the enterprise have nevertheless an object in starting and keeping alive this concern.

There is in this community a gas company that was organized with the birth of progress in Los Angeles; it has grown with the growth and strengthened with the strength of this city; it is even named after it. It has paid annually large taxes into the city treasury; it has shared in the trials and vicissitudes of Los Angeles, in her struggle to gain the exalted position she now occupies, as the capital of Southern California, and by all the rules of equity and fair dealing, it is entitled to share to the fullest extent in her prosperity.

But now comes in a man, or a syndicate of men, strangers to the varied experience of Los Angeles people in the past, who seek by a very peculiar scheme, not only to injure the Los Angeles Gas Company, but to humbug the people, the consumers of gas, by pretending to make a rebate in the price of the article, through the issuance of an *order*, for stock. Stock that so far as I can see will never pay a dividend and never be worth one cent.

If those who are engineering this scheme can hoodwink enough of the good people of Los Angeles into taking their gas, which by the way is *not* "thirty candle-power, as against fifteen candle-power, furnished by the Los Angeles Angeles Company," they hope and intend to break down the old established Los Angeles Gas Company or to compel it to purchase the Lowe Company's plant at an enormous figure.

This trick has been played in eastern cities and where it has been successful, it has uniformly resulted in the absorption of the interloping company, by the old one, and the public has had to pay the expense of the fight between them and the cost of the purchase of the plant of the former, in largely increased prices for gas.

The public must understand that it does not get its gas any cheaper from the Lowe Company than it does from the Los Angeles Company. The Lowe Company ask you to pay down as much *cash*. It gives you in return a "rebate," in form of a piece of paper of problematical value. The "order on its treasury" may mean a suit at law for the holder of it in the future.

Sooner or later, if the public encourages the growth of this new company, the price of gas in this community will double; it is as inevitable as fate.

In reference to the danger to the health of people using the product of this new company. An article appeared in the New York *Times* of January 21, 1887, in reference to the Troy Fuel Gas Company, which manufactured gas by a method invented by Prof. T. S. C. Lowe, of Norristown, Pa., from which it appears that serious and almost fatal cases of prostration resulted from breathing the gas made by the Lowe process. The authorities threatened to take action, when the works were summarily closed and have remained so ever since. The question is whether the gas furnished by the Lowe Gas and Electric Company of this city, is made after the method invented by Prof. T. S. C. Lowe, of Norristown, Pa.

OBSERVER.

The Opera Cafe.

The finishing touches of the handsomest café in the State, the Opera House saloon, belonging to Messrs. Bisbee & Wenger, were put on yesterday. It is now in complete accord with the interior of the Opera House, and with its stucco reliefs in bronze, mirrors, crystal-ware and handsome furnishings is an attractive addition to the theater. The floor is artistically inlaid, and the gas fixtures works of art. In warm weather especially is it an inviting retreat, and the visitor cannot help but be lost in admiration at the artistic manner in which the decorators have done their work. San Francisco is an older city, but it possesses nothing in this line that can compare with the Opera House Saloon. *

Great Scott! This is what we call hot, and it becomes every man, woman and child to do all in their power to keep the body at a comfortable and properly regulated temperature. The most persons wear the same thickness of clothes all the year This is wrong. The general excuse is: Can't afford to buy clothes to change with the weather. This also is wrong. The least expensive means to accomplish an object is not always the cheapest. We advise all who possibly can to take off their thick winter clothes, and for the short time that the warm weather lasts wear lighter clothes; and we know of no better place, nor any better line of goods than can be had at the new and spacious salesrooms of the White House Clothing Company in the Phillips block, corner Franklin and North Spring street, where not only a very choice line of all kinds of clothing, but also gents' underwear, hats, trunks, valises, and a general line of goods generally found in such first class establishments can be had at very reasonable rates. Remember the firm name, White House Clothing Co., North Spring and Franklin streets.

About 10 o'clock one evening, at a house just out of town, the domestic detected a boy effecting an entrance through a window. Without raising an alarm, she watched the little fellow, who went direct to a closet, and, taking something from the shelf, was about to make his escape, when the servant arrested him with the plunder in his possession. She had no heart to punish him when she found the object of his burglary was a package of Frese's Hamburg Tea, which he said he had taken for his little sister, who was ill of a fever. She very properly told him he had acted very wickedly. Even if there was no money at home, some kind neighbor would have given him a little Hamburg Tea if he had asked for it.

MISCELLANEOUS.

To Gas Consumers.

Thirty candle Lowe Gas and Electric Company's Gas is worth double the price of the fifteen candle gas made by the Los Angeles Gas Company, and this is just the difference between the two products.

We never have, nor never intend to make charge to you for connecting with our mains or the setting of meters, neither do we make charge for meter rents or ask for deposits in advance.

We consider the gas business the same as any other, and that it should be conducted on the same principles of equity.

The Company

Guarantees to Its Consumers

that their bills shall not be greater for the same value than are the bills of any other company at their lowest rates. We are also prepared to

Loan Consumers Cooking Stoves

in which to test our gas for culinary purposes, which they can readily learn is the

Cheapest and Best Fuel

possible to use in this section for that purpose, and ours is the only system which can do this with sufficient economy and with any degree of satisfaction.

Any of our citizens who so desire are invited to become identified with us by purchasing stock in the company, or its interest bearing securities, or both.

Another "Q" Dynamiter "Squeals."

BOWLES MAKES A CONFESSION.

Emperor William On His Way to Meet the Czar—News Miscellany.

[Associated Press Dispatches to the HERALD.]

CHICAGO, July 14.—Bowles the man in the dynamite plot against the Burlington road, against whom the testimony given yesterday was most conclusive, has, it is stated, made a full confession of his share in the conspiracy. He saw that in his case there was little hope of escape from conviction, and early this morning it was made known to District Attorney Ewing that Bowles was ready to "squeal."

Another of the arrested men, Godding had, it is said, also concluded to come into camp.

The case of Chairmen Hoge and Murphy was to have come up before Justice Lyon this morning, but was postponed for one week.

It is understood Bowles has told facts which will make the conviction of Hoge certain. Chairman Hoge, it would seem, is the man they are really after, not only as they wish to strike the Brotherhood, but because the railroad officials dislike him personally. Toward the other defendants they are favorably disposed.

The text of the "squeal" was not made public, but it is reported that enough has been told to necessitate a postponement of the case for the Federal court as well as the State tribunal. It is ascertained that when Prisoners Bowles, Broderick and Wilson were brought over from the jail this morning to the marshal's office, Bowles sent word that he wanted to see the District Attorney. He was taken to the office and there confessed to General Manager Stone, Inspector Bonfield and Attorney Collier.

The only direct intimation of the substance of the confession was the well defined rumor that a United States warrant had been issued for the arrest of Hoge, who is out on bonds under the conspiracy charge brought under the State law.

The crowd waiting in the Federal court-room was large, chiefly composed of Brotherhood men, whose looks of sympathy, cast upon the prisoners, as they were brought in, intimated their appreciation of the danger their comrades were in. A sensational scene ensued. The Brotherhood attorneys, Donahue and David, protested loudly that they had been treated with great unfairness and given no show from the very outset of the trial. Lawyer David hotly denounced Commissioner Hayne, declaring: "We could expect nothing else from this court and have received nothing else."

The Commissioner ordered David to be arrested by the marshal, but the latter did not at once comply, and David subsequently make a Pickwickian apology to the court.

The bail of Bowles was fixed at $5,000, but he preferred to remain in custody.

After the court adjourned, the heretofore reticent Prisoner Wilson savagely denounced Bowles, ridiculing the idea that the latter was innocent, and charging him with chicken-heartedness.

GONE TO MEET THE CZAR.

William on His Journey—A Brilliant Naval Review.

BERLIN, July 14.—Emperor William departed last night on his journey to St. Petersburg. The royal yacht Alexander, bearing the Emperor and his suite, sailed from Potsdam for Spadan at 10 P. M.

KIEL, July 14.—The Emperor arrived here to-day *en route* to meet the Czar. The Emperor drove through the town to the harbor, and was greeted with great enthusiasm. The streets were gaily decorated. The Emperor alighted from his carriage at the Barbarossa bridge, and entered a man-of-warsman, which took him to the yahct Hohenzollen. As he boarded the vessel the squadron saluted and the yards were manned. The merchant vessels were gotten underway and sailed past the Imperial yacht. The vessels also put to sea. The parade of the fleet was a brilliant spectacle. The manœuvers of the vessels were conducted with admirable precision and were watched by thousands of persons from the shore and from the decks of vessels. Several private steamers accompanied the fleet to sea.

TURBULENT FRANCE.

Celebrating the Taking of the Bastile—Boulanger.

PARIS, July 14.—The taking of the bastile was celebrated throughout France today. In this city patriotic citizens, accompanied by bands and carrying banners, marched to the Strasburg statue and deposited wreaths upon it. The Patriotic League, headed by M. M. Deroulede, Laguerre Laistant and Susini, was received with mingled cries of "*Vive Boulanger*," "*Vive la France*," and "*Vive la Republique*." After leaving the Strasburg statute the citizens visited the monument to Gambetta and the statute of Joan of Arc, which they also decorated with flowers. M. Deroulede in depositing an emblem upon Gambetta's monument said: "We started from the Republic, we visited the statue of Strasburg and we now visit the monument of the great patriot. Our pilgrimage has been more expressive than our speeches."

Two men were arrested for distributing posters which contained General Boulanger's portrait and bore the inscription, "Let all patriots assemble to-night in the Place de la Concorde."

This morning it was stated at Boulanger's house that the General had a fairly tranquil night. His breathing was less labored and the state of the wound in his neck satisfactory. He had conversed with friends and taken some bouillon.

Fatal Gas Explosion.

CINCINNATI, July 14.—A battery of eight gas tanks in Ludlow, Ky., exploded this afternoon and injured fifteen men, four of them fatally. The gas is generated from naptha for railroad lighting purposes and for use in sleeping cars. The escape of a small quantity from one tank caused the explosion, which exploded the other seven. The stock room of the sleeping car company was wrecked. The fatally injured are: Frank Collins, Michael Welch, Geo. Madison, Davis Harris; the seriously injured: James Sullivan, Peter Litchenfield, Charles Gould, Richard Curran, Geo. Goodwin and two others.

CONGRESS.

Debate in the House Recurs on the Wool Schedule.

WASHINGTON, July 14.—The House resumed consideration of the Subsidy amendment of the Senate to the Post-office Appropriation bill. After debate, Birgham's motion to concur in the Senate amendment, with an amendment, was lost; yeas 56, nays 135.

By a vote of yeas 141, nays 57, the House further insisted upon disagreement to the Senate amendment and a further conference was ordered.

The House then went into Committee of the Whole on the Tariff biil, the pending schedule being that relative to wool.

Outhwaite, of Ohio, ridiculed the assertion that the effect of the Tariff had been to increase the number of sheep in this country. He thought the natural fecundity of flocks had something to do with the increase. Outhwaite proceeded to argue that high tariff had no influence upon the price of wool, which was regulated by the law of supply and demand. He quoted statistics to show that under high tariff the price of wool had steadily declined. He did not claim that the decline was attributable to the tariff, but to the increased supply of wool. The bill presented a fair proposition to make a reduction of woolen goods, equal to the reduction which would result from putting wool on the free list.

La Follette, of Wisconsin, took up and criticised Carlisle's speech upon the bill, especially that portion in which the Speaker endeavored to show the prosperity of the country during the low tariff decade from 1850 to 1860. To do this, said La Follette, Carlisle had recourse to the percentage argument, and had shown that the percentage of increase in woolen, cotton, hardware, hosiery and boots and shoes industries had been very large. The trick of the percentage argument was that the manufactures might be so small that any increase would make a percentage showing. The gentlemen had taken care to select those articles, which with one exception, were not touched, or only slightly, by the act of 1846. The gentleman had said the tariff of 1846 had been so beneficial that in 1857 every representative from New England who voted at all had voted for the bill, making almost a uniform reduction of 20 per cent., and among them was Justin L. Morrill. This was an error so gross and unjust as to demand a rebuke to the gentleman from Kentucky, who used it with such emphasis and telling effect. The statement was either inexcusable or the meanest sort of political pettifogging. Nothing escaped the gentleman's net. He claimed everything for low tariff. He had both ends of the "teeter" in the air at the same time. He trifled with facts when he said this country recovered from the depression of 1857 in a few months.

At the conclusion of his speech La Follette was heartily congratulated by his Republican colleagues.

Scott, of Tennessee, referred to the recent speech of Kelly, giving an account of the interview between himself and Carnegie in the committee room. Scott pronounced the statement at issue of misrepresentation. He then proceeded to give his version of the interview which he said touched upon Carnegie's citizenship and not upon the tariff. He also repeated the substance of the conversation he had had with Carnegie, in which the latter admitted the truth of the statement that he made one and a half million dollars in one year under the protective tariff.

Grosvenor referred to the decrease of the wool industry in Ohio and the great falling off in price of the wool crop, and said it was all due to the menace of the Mills bill. After the Republicans, aided by one or two of the Ohio Democratic members, had striken out the enacting clause of the Morrison bill, the price of wool had sprung up from three to five cents per pound. What was to be gained by this peculiar geographical attack? Would a sane man strike down this industry for the sake of reducing the revenue a few million dollars?

Ford, of Michigan, said it was for the country to choose between cheap whisky and cheap clothing. The wool tariff was burdensome. There was scarcely a breeze when the copper schedules were passed upon, but now, backed by a subsidized press, the Republicans tumbled over one another to get to the front and bounce the wool schedules. He did not believe the effect of the bill would be to decrease the price of American wool. The manufacturers of the country asked the farmer to work and stint and pinch, while they took their ease. This was the feast that the farmers of the country were invited to partake of by the Republican party, but he predicted they would reject it on November 6th.

The House then took a recess, the evening session to be for the consideration of private bills.

CAPITAL CULLINGS.

Conciliation of the Mormons—Executive and Department Notes.

WASHINGTON, July 14.—To-day's bond offerings amounted to $25,645. The Secretary of the Treasury accepted $1,000 4 per cents, registered at $127.

The Commissioner General of the Land Office has received a telegram from the special timber agent on duty at Eureka, Cal., to the effect that he had mailed reports of depredations on public lands by two corporations, amounting to $10,000,000. Efforts to prevent appropriations to carry on these investigation, he says, should be checkmated.

SOMETHING GOOD FOR UTAH.

Representative Bankhead, of Alabama, to-day reported favorably from the Committee on Public Buildings and Grounds, the Senate bill for the erection of public buildings at Salt Lake City, Utah, with an amendment increasing the appropriation for the purpose from $125,000 to $200,000. On submitting the report on the bill the committee says:

We are assured on all sides that without distinction of classes or creeds, the people of Utah are working together for the advancement of their material interests, and that the dissensions which once existed are rapidly giving way to good feeling. It is desirable to encourage this disposition, and especially while the government is enforcing the law against one class of people, to show by its liberality in expenditures in the erection of public buildings that it has the material interests of all at heart.

REPRESENTATIVE RANDALL.

Between the hours of midnight and 2 o'clock this morning, Randall suffered from several slight hemorrhages. After that time, he succeeded in securing some much needed sleep. Dr. Mallen, with Randall's personal attendant, remained with him till 5 o'clock this morning. He returned at 10 o'clock, when he met Dr. Lincoln, and a consultation was held. As a result it was decided that a powerful styptics should be applied, which it is hoped will check the hemorrhages for a time, or at least until the patient can gain strength. Dr. Lincoln was very conservative in his expression of opinion as to the probable result of those remedies. He believed that the effect would be to check the bleeding for a time, but would not go further in his forecast. There was danger of stubborn bleeding which would be difficult to control.

Build Your Own Monument

PASADENA.

A Racy Letter From the Crown of the Valley.

A POLICE MUDDLE THERE.

Shall We Have to Lend Them Our Mayor and Mr. Humpreys? Other Matters.

PASADENA, July 12.

EDITORS HERALD: A police scandal has developed here which promises startling developments before the investigation now pending is completed. The City Council has held secret sessions for several days past, and although matters have been kept very quiet, enough is known to warrant a statement of the following facts: At the time of the last municipal election Police Captain Shaw's name came up for nomination for City Marshal, but he did not secure the nomination, and afterwards stated through the newspapers that the use of his name was not authorized by him. From that time there has been a coolness existing between Marshal Mundell and the Captain of Police.

Several serious charges were recently made against the Captain of Police, such as drunkenness, winking at faro games, neglecting his duty, &c., all believed to be at the instigation of the Marshal. A short time ago the Marshal took the police force in hand himself, suspended Captain Shaw, and it is rumored instructed the officers to arrest Shaw if he was found on their beats. A second session of the Council was held, and the day after the Marshal's suspension of the Captain, the Captain was again in command, and it is presumed the Council exonerated him from the charges preferred. Shaw claims that Mundell is anxious to display him so as to push his son-in-law, Slater, who is now acting as deputy marshal, in his place. The matter is exciting much comment here, and will end in the resignation of one or the other of the contestants.

THE FIRE COMMISSION.

Two Weeks' Business Disposed of Yesterday Afternoon.

The Fire Commissioners met yesterafternoon, Mayor Workman in the chair, and Messrs. Teed, Humphreys and Chief Moriarty present. P. H. Lambert's offer to build an engine house on Pine street, near Hope street, for $60 rent per month for two years, with the privilege of renewal, was recommended to the Council. The Chief was instructed to investigate the matter of placing more hydrants over in East Los Angeles. General Baldwin was instructed to instruct the Garvanzo and City Water Companys to supply the people on Workman street and Downey avenue, at which places pipes are being put in, and the water cut off.

The application of Mr. Charnock to erect a fruit stand on his own lot on corner of Fifth and Main streets, on the east side of the street, was granted, provided that he put up a brick building.

Permission was granted to O. G. Hopkins, to test his hand chemical fire engine publicly on Los Angeles street, near the Haymarket, at 4 P. M. on Tuesday afternoon next.

A protest was read from the insurance agents of the city against the reduction of permanent fire men to "call" men. Received and filed on motion of Mr. Teed, who argued that surely if San Francisco could get along with "call" men, Los Angeles could, and he thought that the insurance men wanted to run the Fire Department to suit themselves.

Mr. C. B. Woodhead petitioned the Board to extend the fire limits as far as College street, between Alameda and New High streets, as they were formerly. The matter was referred to the Committee for one week.

The request of Messrs. Ackermann and Conlee, to erect a steam engine in East Los Angeles, was granted.

A communication from the Board of Trade to the Council was read, with respect to the registering of every building in course of erection or to be erected in the city, so that the Board of Trade may be able to compile statistics for outside enquirers. On motion of Mr. Humphreys it was resolved to charge the sum of one dollar for each permit to build, so as to keep all on record, half of which sum is to be retained by the Clerk for registering and reporting, and it was furthur recommended that the Council issue instructions to the City Attorney to draw up an ordinance in accordance with the petition with a reasonable penalty for its violation.

Applications were read from A. C. Vignes, for a driver's post; Albert McGrath, for engineer's; J. M. Brayton, for a callman's at Boyle Heights, all of which were filed.

The Board then adjourned.

LETTERS FROM THE PEOPLE.

[The tenor of communications appearing in this column is not necessarily endorsed by the editors of the HERALD. The writer who desires to be heard in it should always accompany his screed with his full name not necessarily for publication but as a guarantee of good faith.]

Boyle Avenue Grading.

In reply to an article in the *Times* of the 12th instant, purporting to be an interview with Mayor Workman, I wish to say that if the Mayor was correctly reported, he stated that which he knew to be false, in this, that he gave as his reason for not desiring to grade Boyle avenue under the petition now before the Council, that the contract was then let for the property owners to do their own grading, when the facts are that it was several weeks after the petition was presented to the Council, and the grade established as prayed for in that petition; and the members of the Board of Public Works met on the ground, and his Honor was present, and at that time said it would cost him $3,000 more to grade under the said petition than it would to grade his own frontage.

The statement that B. Cohn, a member of the Council, made a proposition that if the property owners would give $5,000 the Council would pay the balance of filling the arroyo in front of Mrs. Hollenbeck's, as regards I believe the Councilman made such proposition. Mayor Workman then said he would give $500. I stated that I would give $1,000, and that was all the money that I ever knew of being offered, and the assertion made by His Honor that I, J. A. Cowell, failed to come to time, is equally true of him. If there ever was a dollar subscribed by any person, or any effort made to carry out the above scheme, I never knew it. The subject was mentioned to me some little time after that; but at that time I had a petition for the grading of Chicago street, which would have given us usually as good facilities for reaching the city as would Boyle avenue, but His Honor vetoed that or defeated it, and I then came to the conclusion that my only recourse was to claim and assert my right under the law, which I now propose to do. There is no property-owner on Boyle avenue that will be pecuniarily benefited onehundredth part as much as Mayor Workman, who owns more land contiguous to and directly on Boyle avenue than all the other petitioners together. But he says to me: "You live south of the arroyo; get to the city the best way you can"—thinking, I presume, that the residents south of the arroyo will in the near future be forced to grade said street, and thereby benefit his property without any cost to himself. He opposes the grading of all streets where he will be assessed, unless the contractor will purchase of him the red clay to gravel the same. Ask the citizens of Boyle Heights if the above statements are not facts. I will vouch for the truth of them.

BURLINGTON ROUTE.

Overland Excursion.

Passengers joining these parties are in the hands of a responsible railway company, not an "excursion agency;" its employes are its representatives, and accustomed to serving the public.

Dates.—Trains leave Los Angeles on Thursdays and San Francisco on Fridays, meeting at Sacramento Friday afternoon. Dates are as follows: From Los Angeles—July 19th; Aug. 2d, 16th, 30th; Sept. 13th, 27th; and day following from San Francisco, Sacramento, Tulare, Fresno, Merced, Lathrop, San Jose, Stockton, Davis, Marysville, Colfax and Reno.

First class these excursions undoubtedly are in every respect, as no objectionable people are received, and each party is in charge of Burlington agents through to Chicago.

Free sleeping cars, properly provided with curtains, mattresses, blankets, etc. No extra charge for this, or any other service.

Rates, $35.00 is the price of a ticket from Los Angeles, San Francisco and most California stations to any Missouri river point, and only slightly more to points further east.

Scenery by daylight is a great feature, as these excursions will stop twenty-four hours in Salt Lake, and go by daylight through the Black Cañon or the Gunnison, across the Continental Divide, through the famous Marshall Pass, thence down the valley of the Arkansaw through the Grand Cañon of the Royal Gorge.

Further particulars are contained in Burlington route excursion folder, to be had at any ticket offices of the Southern Pacific and other railways, and at Burlington route offices below.

IN THE SUPERIOR COURT

Of the County of Los Angeles, State of California.

In the matter of Robert Eckert and Herrman Schoeneman, partners as Eckert & Schoeneman, insolvent debtors.—Order Adjudication of Insolvency.

Robert Eckert and Herrman Schoeneman having filed in this Court their petition, schedules and inventories in insolvency, from which it appears that they are and have been residents of the County of Los Angeles, State of California, for more than six months next preceding the filing of their petition, and that they have been partners in trade under the firm name of Eckert and Schoeneman, and as such partners as well as individuals, they owe debts exceeding in amount the sum of $500, and that they are as partners, as well as individuals, insolvent debtors, as they are hereby declared to be insolvent.

The Sheriff of the County of Los Angeles is hereby directed to take possession of all the joint stock and property of the partnership, and also all the separate estate of each of said partners, excepting such parts thereof as may be exempt by law, and all deeds, vouchers, books of account and papers, both of the partnership and of said partners individually, and to keep the same safely until the appointment of an assignee in this matter.

All persons are forbidden to pay any debts to the said insolvent debtors, jointly or individually, or to deliver any property belonging to them, or to either of them, or to any person, firm, corporation, or association, for their use, or that of either of them; and the said debtors, jointly and severally, are hereby forbidden to transfer or deliver any property until the further order of this Court, except as herein ordered.

It is further ordered that all the creditors of the copartnership aforesaid be and appear before the Honorable W. P. Gardiner, Judge of the Superior Court of the County of Los Angeles, in open Court, at the courtroom of said Court, Department No. 2, Jones Block, in the City of Los Angeles, on the second day of August, 1888, at 10 o'clock A. M. of that day, to prove their debts and choose an assignee of the estates of said debtors.

It is further ordered that this order be published in the Los Angeles Daily HERALD, a newspaper of general circulation, published in the County of Los Angeles, as often as the said paper is published, before the said day set for the meeting of creditors.

And it is further ordered that in the meantime all proceedings against the said insolvents, or against either of them, be stayed.

Cor. Second and Spring Sts., Los Angeles, Cal.

All diseases of the respiratory organs treated by the most improved Medical Inhalations, combined with proper constitutional remedies, for the liver stomach, blood, etc. We are also now using the Compound Oxygen treatment which has such a world-wide reputation in lung and nervous affections.

Probably no system of practice ever adopted has been so universally successful as that introduced by Dr. Williams for the cure of Catarrh, Throat Diseases, Bronchitis, Asthma and Consumption.

Over 80,000 cases treated during the past twenty-one years.

CATARRH.

The term Catarrh is applied to a peculiar disorder of the nostrils and adjacent parts, which prevails to an alarming extent, and is productive of very serious consequences.

The most prominent and characteristic feature is a morbid discharge from the head, varying in its nature at different times. In some there is an almost constant flow of clear, acrid fluid, but oftener an offensive, purulent, or muco-purulent, greenish-yellow matter is secreted, which accumulates in the nostrils or drops into the throat, necessitating its frequent removal by blowing the nose or expectoration, and often by both processes. Sometimes patients feel as though their whole head was in a state of rottenness, so great is the amount of matter discharged and so fetid is its odor. The patient is greatly annoyed by the constant dropping into the throat of the morbid matter from the head, and as a recumbent position naturally favors the flow downward, his rest is frequently disurbed from this cause. Many sufferers are obliged to lie with the head very much elevated in order to sleep with some degree of comfort.

In others, a tough, viscid and offensive phlegm collects behind and above the soft palate, in the passage between the throat and head, adhering to the parts with gluish tenacity. Its lodgement embarrasses respiration and creates a sensation of irritation and uneasiness in the affected locality, which gives rise to a constant and almost irresistible desire to relieve the discomfort by drawing the mucus into the throat, so as to eject it by the mouth. This practice, popularly known as "hawking," is characteristic of catarrh, and proves as embarrassing to the one affected as it is disagreeable to those around him.

Again, the offensive matter hardens and deposits itself on the membrane in the shape of dry, hard concretions, which are discharged by way of the nostrils or throat in lumps or fragments of a deep green tint. In some cases these incustrations accumulate to such an extent as to form a regular plug in the nose, which obstructs breathing and produces serious discomfort. So firmly do these incrustations adhere to the point of attachment that their removal usually requires the most violent efforts; not unfrequently they have to be torn from the membrane. Occasionally a solid cast of notable size is expelled, on which there are generally traces of blood, but in some cases the cast presents a tubular appearance, being of exact shape of the nasal cavity. This condition is indicative of ulceration, which, in time may destroy the bony structure of the nose and produce a subsequent flattening of that organ.

Cases are occasionally met with in which a thick, viscid, slimy secretion coats the membrane of the nasal cavities, and then putrifies, giving rise to a stench which is really overpowering and sufficiently fetid to poison the atmosphere of a whole room; and there are others in which all the secretions of the membrane are suspended, causing an unpleasant feeling of dryness, heat and feverishness in the head and nose—a condition popularly known as "Dry Catarrh."

The disease speedily extends to the air cavities of the bones of the forehead and face, giving rise to a distressing sensation of heavy weight or compression over the forehead, especially in the region above and between the eyes, and to a feeling of fullness, heat, irritation, soreness, or pain in the nostrils near the root of the nose, as well as in the upper part of the throat, above and behind the soft palate.

Sometimes there is pain obstinately fixed in some particular part, as in the temple, on the top of the head, at the back of the neck, or behind the orbits, and occasionally pain manifests itself in the face of so severe a character that it is frequently mistaken for neuralgia.

The breath is always tainted, and at times assumes an exceedingly fetid and sickening odor. In some cases it becomes so revoltingly offensive as to render the sufferer an object of disgust to himself as well as to others.

The nasal membrane is thickened and congested, causing the nose to be stopped up, sometimes on one side, sometimes on the other, and often on both, giving rise to a disagreeable, stuffy sensation in the head, and occasioning violent and prolonged paroxysms of sneezing.

The voice is weak, indistinct and husky, or of a nasal character, displaying a sort of sniffing quality. Oftentimes there is a continuous hoarseness and discordance. There is also a sense of irritation in the throat, and frequent attempts to clear the parts of phlegm, producing the sound "nem," more or less forcibly. In some cases patients complain of an uncomfortable feeling of fullness, or a choky sensation in the throat, and in others of a distressing and almost constant dryness for the temporary relief of which they have to swallow frequently. Others, again, speak of a constant bad or nauseous taste in the mouth or throat.

The stomach generally suffers more or less, and becomes weak and irritable, the appetite is capricious, and nearly always bad in the morning. The patient is languid, unable to perform mental or physical labor with the usual facility, is nervous, depressed in spirits, at times fearful, timid, agitated and inclined to drowsiness and sleep, the memory weakened and permanent impairment seriously threatened.

The mucuous membrane soon becomes morbidly sensitive to unfavorable influences, and in spite of the utmost care becomes affected from the slightest causes, so that a breath of wind upon the linings of the nose or throat, becomes productive of a cold, and gives rise to serious disturbances of the respiratory organs. Thus the patient is subject to frequent and repeated colds, each attack aggravating the disease by giving it a new impulse, and involving a larger extent of surface than its predecessor. In this manner the difficulty spreads from organ to organ, invading the throat, larnyx, trachea and bronchial tubes, until, encroaching further and further, it reaches the finer ramifications of the bronchi, when but a slight impulse is required to send it to the lungs. Catarrh may, and often does, affect other organs in the body, especially those containing a mucous membrane, such as the stomach, bowels, kidneys, etc.

By the employment of proper inhalations and Compound Oxygen treatment in the form of medicated vapor (not steam or spray) able to produce immediate and direct upon the diseased surface in the larnyx, the nasal passages, for air will find its way into the remotest and intricate cavities, where it is utterly impossible to make fluid applications. By these means every case can be cured.

Persons desiring treatment by this system of practice can use the remedies at home as well as at our office, and which will cause no inconvenience or hindrance from business whatever.

I have seen so many of these cases cured that I do not consider any case hopeless, unless both lungs are seriously involved. Even then the inhalations aid us in dissolving the mucus and in contracting and healing the cavities, which nothing can [illegible] the same success.

The very [illegible] reference from those already cured.

CONSULTATION FREE.

Those who desire to consult with me in regard to their cases had better call at the office for consultation and examination, but if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address

PERSONALS.

Mr. Charles Silent left for San Francisco last night.

Mr. K. Kohn will leave for San Francisco this morning.

Mr. Frank Finlayson left for the North yesterday morning.

Mr. Frank Sabiche left for San Francisco on No. 20 last night.

Mr. Dan McFarland was a passenger on last night's north-bound train.

Mrs. A. D. Battle, of Shreveport, Louisiana, is visiting Mrs. B. A. Holman in this city.

Miss Lolita Johnson and brother, of Hermosillo, Mex., are touring through the West, and arrived in this city yesterday.

Judge John Redick, President of the Southern California National Bank, returned yesterday from Omaha. The Judge was absent with his family about a month.

Mr. Geo. R. Broadbere, an attaché of the *Express*, accompanied by his wife and family, leave for a two week's hunting and fishing excursion in the San Gabriel Cañon on Monday next.

Dr. Abbott, who is to make a tour of the world in the yacht Coronet, now in the San Diego Bay, left yesterday for San Francisco to meet Royal D. Bush and Judge W. H. H. Russell.

Mr. Frank Miller, of Riverside, was in the city yesterday. He states that about one hundred carloads of oranges will be shipped from that place this year, and that $65,000 worth of oranges are now being dried. The prospects are good for a very prosperous year. The new motor road between Riverside and South Riverside will soon be in running order.

NEWS NOTES.

Col. Sobieski spoke to a large audience at the corner of Sixth and Hill streets last night.

Transfers of real estate yesterday amounted to $487,553, and were 109 in number. Of these 57 were for more than $1,000 each, and 20 were for nominal considerations.

The Burbank Methodist Episcopal church will be dedicated this morning at 11 o'clock. The Rev. E. Thompson, D. D., L. L. D., will deliver the dedicatory sermon. A cordial invitation is extended to all.

A man named Hannah, employed at the Bituminous Paving Company's works on Second street, narrowly escaped being seriously burned by the giving way of a boiler full of hot asphalt. He was struck by a sharp rock on the head and was burned in several places.

AMUSEMENTS.

Fanny Davenport in "Fedora" To-Morrow Night.

The celebrated Fanny Davenport will open at the Grand Opera House to-morrow night in Victorien Sardou's *Fedora*, in which she has made such a success elsewhere. The opening sale for this piece is very large and there will probably be no vacant seats in the house. On Thursday evening she will play *La Tosca*, in which she is also said to be great.

Academy of Music.

To-night the Pavilion will be occupied by Miss Lizzie Evans in *Fogg's Ferry*, which is said to be very interesting. On Wednesday and Thursday she will play *Our Angel* and for the balance of the week *Maud Muller*.

The Siege of Paris.

The great panorama is attracting a large number of visitors. Scarcely a visitor to the city from the interior or East but is taken there and given a chance to see the life picture.

The Museum.

The Japanese village and the minstrels at this place of amusement proved good drawing cards yesterday.

Fanny Davenport in "Fedora."

The judgment and good taste displayed by Manager Wyatt, in securing for his newly renovated and handsomely appointed Opera House, for six nights and Saturday matinee such astellar attraction as Miss Fanny Davenport, has made itself apparent from the exceedingly large advance sale of seats. Miss Davenport will make her first appearance, before an audience of this city to-morrow evening in Sardou's *Fedora*, which will be presented until Thursday evening, when it will be succeeded by her latest success *La Tosca*. Although Miss Davenport has never as yet appeared in Southern California, her name and fame as an actress of the highest rank is well known. From all that is said, all the genius of her lamented father, E. L. Davenport seems to have fallen as a mantel about the shoulders of his talented and famous daughter, and that she wears his bequest bravely and well has been proven by the unanimous voice and acclaim of the press and public of America and England. Miss Davenport has from her earliest infancy been schooled to the severest and highest lines of classic art. In Sardou's great play, *Fedora*, she stands without a peer; and it may be repeated here, although it is a well-known fact, that she is the only actress on the American stage to whom the celebrated French author would sell the right to produce the work in this country. A compliment of this nature, coming from such a high source of dramatic authority, is in itself sufficient to make the name and fame of almost any actress, and Miss Davenport has not only verified Sardou's confidence in her to give an artistic portrayal of his inspiration, but has reached an altitude of greatness in her delineation of the character which has surprised and delighted even her warmest friends and admirers. It is not more than a year back since she and the great Bernhardt were at the same time playing in New York theatres in the character of "Fedora." "Donnagal" received and accepted an invitation to come and attend a professional matinee and witness her impersonation of the part. Bernhardt accepted the invitation and went away delighted with the performance, giving unstinted praise to her American rival. *La Tosca*, which will succeed *Fedora* on Thursday evening, is Sardou's latest work. This is the play about which so much has been written in the American and European press.

Miss Davenport will arrive here to-morrow morning from San Francisco, where she has just completed one of the most successful engagements of the year at the Baldwin Theater. As "Princess Fedora" she will wear five different Worth dresses and in the ball-room scene wear the famous $30,000 diamond necklace.

The sale of seats is unusually large and the engagement promises to be the most brilliant of the season.

Drowned While Bathing.

About five o'clock yesterday afternoon a HERALD reporter, hearing of a death by drowning in the Bonnie Brae tract, went out to investigate. On arrival at the lake at the foot of Seventh street a small group was observed standing around the body of little George Frolick, a boy some ten years of age, who came to his death by being accidentally drowned whilst bathing. From the evidence of his companion, another ten year old boy named Charlie Lyons, it appears that Frolick had taken off his clothes, waded out in the shallow water at the edge of the lake to a distance of about fifty feet, when he suddenly disappeared, and though he came to the surface several times his juvenile companions were unable to render him any assistance. After he had been in the water some time Lyons picked up his friend's clothes and started off to tell the dead boy's parents of their bereavement, but was stopped by some graders who were camped at the foot of Seventh street, who after making a few inquiries took him back with them to the lake. At this juncture two men named Geo. Schwaber and Geo. Young came up and stripping themselves dived into the deep hole where the body lay. The former being unsuccessful gave way to Young, who brought the drowned boy to the surface. All efforts to resuscitate him failed, and the Coroner was notified by telephone, and shortly afterwards appeared on the scene. The body was then placed in a coffin and transferred to Orr & Sutch's undertaking parlors, where an inquest was held and a verdict rendered in accordance with the evidence.

The boy lived with his parents on Eleventh street, close to Hill, and they were heart-broken on learning of their boy's sad death. He had frequently been warned not to bathe in the lake.

The Supervisors.

The Supervisors met yesterday and instructed the County Clerk to advertise for bids for taking a windmill down at the County Hospital and replacing it at the Poor Farm.

The Fairview school district was annexed to the Anaheim district, there being 235 signatures for the annexation and only 18 against.

A protest was received from C. B. Richardson against the action of the Committee on Constables in not giving him a chance to prove the charges brought by him against the constables.

To Wed.

The following were yesterday licensed to wed:

J. Harry Whomes and Lula A. Gillmore, of Los Angeles.

Geo. Wm. Schenck and Mrs. K. McIntosh, of Los Angeles.

Wm. Weber and Louisa King, of San Bernardino.

Maurice H. Goldstein and Rebecca J. Goldman, of Los Angeles.

A LUCKY TRIAL.

DEAR SIR: It affords me great pleasure to send you this voluntary statement of my experience in testing the merits of Joy's Sarsaparilla. For the past five years I have been troubled with an exceedingly sluggish liver, and within the past two years it has brought within its trail a thoroughly disordered stomach, including loss of appetite and distress after eating, pains in the back and kidneys, and boils around my neck and face. I have tried several remedies which are advertised as specially for the liver, and never could get more than temporary relief of about a week or two. I was recommended to try a bottle of Joy's Vegetable Sarsaparilla as a test, and while taking the first bottle I became convinced of its merits for I could feel it was working a change in me. I have taken five bottles, and during that time my troubles have left me. Everything is working full and regular, in fact it has cleansed, purified and braced me up generally. I feel like a new man. You are at perfect liberty to use this as you see fit, or you can refer whom you please to

PEOPLE'S STORE.

First Day of Our Clothing Department.

A gratifying success. We have without a doubt gained the greatest success in this department of any of our undertakings. Crowds of people were in to see us, and could not resist the temptation to purchase after seeing our class of goods and the prices. We are bound to be the leaders in the clothing trade; we make a specialty of this department. We employ special buyers to attend to this only, and by the great success of our first day's business we are assured that we have selected the proper people in the proper places. Our motto is and shall always be: "Square dealings, plain figures and one price," which is always bound to win We will quote a few of our many bargains in this department and leave you to judge whether what we say is or is not true.
